Be Part of History with CA 2020 Women’s Suffrage Project

2020 will mark the 100th anniversary of the ratification of the 19th Amendment which determined that citizens of the United States could not be denied access to the ballot based on gender.

The passage of the 19th amendment was an enormously important milestone in the United States and an important step towards ensuring women’s equal access to the ballot. This historic anniversary presents a wonderful opportunity to celebrate women, history, and social progress, as well as recognize the work still to be done.

The California 2020 Women’s Suffrage Project celebrates the centennial of the 19th Amendment. Through coordinated efforts, the project will use education and civic engagement to connect with the past and inspire communities for the future. This state-wide effort invites local communities and organizations to create Centennial events and programming to recognize the 100th anniversary of California’s ratification of the 19th Amendment.

The official start date for Centennial Celebrations is November 1, 2019 when California ratified the suffrage amendment and events will continue through 2020 with additional programs to continue beyond 2020.

The time to begin planning is now. Join the CA 2020 Women’s Suffrage Project today!
